

JUNE 20 WORLD REFUGEE DAY

In celebration of World Refugee Day, ICMC Europe in collaboration with Amnesty Ixelles, Caritas International and Serve the City Brussels will bring the ART WORKS Projects (AWP) outdoor video projection of Sanctuary/Sustenance 'The story of many stories' to Brussels.

We invite you to join us on Place Flagey to observe World Refugee Day through visuals, music and an open debate, exploring the topic of displacement and tracing the journey of refugees toward sanctuary and rebuilding life in a new community. The outdoor video projection of [Sanctuary/Sustenance](#) is part of a global initiative that has been exhibited in 68 cities across 6 continents to raise awareness on the tremendous journeys refugees undertake before arriving to our communities.

The event will start with an open debate on 'Volunteering for refugees: two years after the refugee crisis - reflections, lessons learned and future perspectives' (at FLAGEY vzw-asbl in Rue du Belvédèrestraat 27/5,) and is open to refugees, volunteers, NGO staff, faith communities, service providers and local authority.

PROGRAMME:

16:00- OPEN DEBATE
